

K-LOVE radio station encourages me on a daily basis. The services provided by K-LOVE are essential to community members such as myself who depend on K-LOVE and the message it sends us daily. If K-LOVE were displaced by other programming, I believe I would not even listen to the radio any longer. K-LOVE is the only radio station I feel comfortable listening to when younger listeners are present. If K-LOVE went off the air, I feel we would be losing a valuable resource for residence of my area who depend on K-LOVE for positive and encouraging programming when other stations provide just the opposite.
